Professional Summary

Final-Year B.Tech Information Technology student with strong problem-solving skills and expertise in Data Structures Algorithms, Full-Stack Development, and Generative AI. Active GSSoC contributor, passionate about building scalable applications and seeking a Software Development Engineer role to create impactful products.

Technical Skills

Programming Languages: C++, JavaScript (ES6+), Python, SQL

Core CS Concepts: Data Structures & Algorithms, OOPs, DBMS, OS

Frontend: React.js, HTML5, CSS3, Tailwind CSS

Backend: Node.js, Express.js, REST APIs, MongoDB, Mongoose

Tools & Platforms: Git, GitHub, Postman, Thunder Client, VS Code, MongoDB Atlas

Projects

Eventora – Event Booking Platform

React.js, Node.js, Express.js, MongoDB

GitHub

- Developed a full-stack event booking application using the MERN stack with secure JWT-based authentication.
- Implemented user registration, login, and secure password hashing using bcrypt.
- Built RESTful APIs for event management, ticket booking, booking history, and booking cancellation.
- Integrated email OTP verification before ticket booking to ensure secure user verification.
- Enabled users to browse, search, and book available events with real-time booking management.
- Automated booking confirmation emails after successful ticket reservations.
- Designed responsive user interfaces using React.js and Tailwind CSS with reusable components.

Let's Order – Food Delivery Platform

React.js, JavaScript, Tailwind CSS

Live Demo — GitHub

- Developed a responsive food ordering platform inspired by modern delivery applications.
- Built reusable React components and implemented state-driven UI architecture.
- Optimized responsiveness across desktop and mobile devices using Tailwind CSS.

Personal Portfolio Website

React.js, Framer Motion, Tailwind CSS

Live Demo — GitHub

- Designed and developed a responsive portfolio website showcasing projects, skills, and achievements.
- Implemented smooth animations using Framer Motion for an enhanced user experience.

Education

Bachelor of Technology (B.Tech) in Information Technology

Dr. A.P.J. Abdul Kalam Technical University (AKTU), Lucknow

Jun 2023 – Present

Expected Graduation: 2027

CGPA: 7.46 / 10

Certifications

AI Upskilling Program – Qualcomm Technology (Feb 2026)

Career Edge – Interview & Job Readiness – TCS iON (Jan–Feb 2026)

Career Edge – Young Professional – TCS iON (Jan 2026)

Open Source Experience

GirlScript Summer of Code (GSSoC) 2026 Contributor

- Selected as Open Source Contributor and contributing using Git/GitHub workflows.

Achievements

- Solved 200+ DSA problems on LeetCode and CodeStudio.
- Strong foundation in Arrays, Trees, Graphs, and Dynamic Programming.
