CAREER OBJECTIVE

Frontend-focused engineering student skilled in React and modern JavaScript, with hands-on experience building responsive web applications. Seeking frontend or software engineering internship opportunities to apply problem-solving skills and grow in a real-world development environment.

PROJECTS

Let's Order – Food Delivery Web App

React.js — JavaScript — Tailwind CSS

[Live Demo](#) — [GitHub Repository](#)

- Built a Zomato-inspired food delivery frontend with restaurant listings and menu views.
- Designed reusable and modular React components to improve scalability and maintainability.
- Implemented fully responsive layouts using CSS Flexbox and Grid.
- Enhanced user experience with smooth UI animations using Framer Motion.

Portfolio Website

React.js — Framer Motion — Tailwind CSS

[Live Demo](#) — [GitHub Repository](#)

- Designed and deployed a personal portfolio to showcase projects and technical skills.
- Integrated React Router for smooth navigation and improved performance.
- Focused on clean UI design and accessibility best practices.

Grocery – Online Grocery Web App

React.js — Tailwind CSS

[Live Demo](#) — [GitHub Repository](#)

- Built an online grocery shopping interface with product listings and category-based filtering.
- Designed reusable React components for product cards, cart layout, and navigation.
- Implemented responsive UI using Tailwind CSS for seamless experience across devices.

Recipe Search App

HTML — CSS — JavaScript

[Live Demo](#) — [GitHub Repository](#)

- Developed a responsive recipe search application using a public API.
- Implemented dynamic filtering and interactive UI for better usability.
- Ensured cross-device compatibility and smooth user experience.

TECHNICAL SKILLS

Frameworks & Libraries: React.js, Pandas, NumPy, Matplotlib

Languages: HTML5, CSS3, JavaScript (ES6+), Python, SQL

Tools & Platforms: Git, GitHub, MySQL, VS Code, Chrome DevTools, Netlify, GitHub Pages

Soft Skills: Problem-Solving, Communication, Team Collaboration, Time Management

EDUCATION

Bachelor of Technology (B.Tech) in Information Technology

Dr. A.P.J. Abdul Kalam Technical University (AKTU), Lucknow

Jun 2023 – Present

CGPA: 7.46 / 10

Expected Graduation: 2027

ACHIEVEMENTS

- Solved 300+ Data Structures and Algorithms problems on LeetCode and CodeStudio.
- Strong foundation in Arrays, Strings, Recursion, Stacks, Queues, Trees, Graphs, and Dynamic Programming.
- Actively share solutions and learning resources on GitHub to support the developer community.

ADDITIONAL INFORMATION

Actively learning AI integration with JavaScript and Python-based data visualization. Committed to writing clean, scalable code and continuous technical improvement.
